PROPOSAL 1

ELECTION OF DIRECTORS

Our Second Amended and Restated Certificate of Incorporation (the “Charter”) provides for no fewer than three and no more than fifteen Directors, with the exact number to be fixed by our Board of Directors. Our Board currently consists of ten Directors. The current term of all of our Directors expires at the Annual Meeting.

On February 28, 2019, the Company announced the appointment of Mark S. Cosby as the Interim Chief Executive Officer of the Company and a member of the Company’s Board of Directors. Mr. Cosby succeeded Carl S. Rubin, who resigned from his role as Chief Executive Officer effective February 28, 2019. Mr. Rubin resigned from his role as Chairman of the Board and his employment as an employee of Michaels Stores, Inc. (“MSI”) terminated effective April 1, 2019.

Effective November 21, 2018, James Quella became the Lead Independent Director of the Board. In connection with Mr. Rubin’s resignation, Mr. Quella became Chairman of the Board.

All of our current Directors are standing for election at the Annual Meeting and have been recommended for nomination by our Nominating and Governance Committee and nominated by our Board for election at the Annual Meeting.

In making its recommendations for nominees, the Nominating and Governance Committee seeks nominees with established strong professional reputations, sophistication and experience in the retail and consumer industries. We also seek nominees with experience in substantive areas that are important to our business such as marketing and brand management; sales, buying and distribution; accounting, finance and capital structure; strategic planning and leadership of complex organizations; technology and social and digital media; human resources and development practices; and strategy and innovation. Our nominees hold or have held senior executive positions in large, complex organizations or in businesses related to important substantive areas, and in these positions have also gained experience in core management skills and substantive areas relevant to our business. Our nominees also have experience serving on boards of directors and board committees of other public companies, and each of our nominees has an understanding of corporate governance practices and trends.

We believe that each of our nominees possesses the professional and personal qualifications necessary for board service, and we have highlighted particularly noteworthy attributes for each director in the individual biographies below. The Board believes that each of the nominees listed brings strong skills and experience to the Board, giving the Board as a group the appropriate skills to exercise its responsibilities.

In connection with our initial public offering, we entered into an investor agreement with our significant stockholders, affiliates of or funds advised by Bain Capital Private Equity, L.P. (“Bain”) and The Blackstone Group L.P. (“Blackstone”), granting each of Bain and Blackstone the right, subject to certain conditions, to name representatives to our Board. Bain currently has the right to designate up to three nominees for election to our Board, and has designated Joshua Bekenstein and Ryan Cotton. Blackstone currently has the right to designate up to two nominees for election to our Board, and has designated Peter F. Wallace. Among other factors, the Nominating and Governance Committee and the Board reviewed and considered the investor agreement when determining the independence of directors designated as nominees by Bain and Blackstone. For more information, see “– Corporate Governance – Investor Agreement”.

Each nominee has consented to be named as a nominee for election as a Director and has agreed to serve if elected. If any of the nominees is not available for election at the time of the Annual Meeting, discretionary authority will be exercised to vote for substitutes designated by our Board of Directors, unless the Board chooses to reduce further the number of Directors. Management is not aware of any circumstances that would render any nominee unavailable. Directors elected at the Annual Meeting will hold office until the 2020 Annual Meeting or until their successors are elected and qualified.

Members of the Board are elected by a plurality of the votes cast at the Annual Meeting. This means that the director nominees with the most votes will be elected. Shares voting “Abstain” or broker non-votes will have no effect

on the election of Directors. Brokers, banks and other nominees have no discretionary voting power in respect of this item. See, “Voting Requirements and Proxies.”

Your Board of Directors unanimously recommends that you vote FOR the election of each of the nominees as director.

Set forth below is information concerning each of the incumbent directors standing for election, including their ages as of April 16, 2019, present principal occupations, other business experiences during at least the last five years, membership on committees of the Board, public company directorships held during the last five years and certain other directorships.

BOARD STRUCTURE AND BOARD COMMITTEES

Board Committees

We have an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, which have the composition and responsibilities described below. Each committee operates under a charter that has been approved by our Board. A copy of each charter can be found by clicking on "Governance" in the Investor Relations section of our website www.michaels.com. The Board considers the Nominating and Governance Committee's recommendation prior to appointing the individuals to serve as members of each committee. Each member serves until his or her successor is elected and qualified, unless he or she is earlier removed or resigns. In addition, from time to time, special committees may be established under the direction of the Board when necessary to address specific issues.

The committee is also responsible for recommending to the Board qualified individuals to serve as committee members on the various Board committees, annually reviewing the Company's corporate governance guidelines and identifying best practices with respect to corporate governance. A copy of the Nominating and Governance Committee charter is available on our website.

The Nominating and Governance Committee consists of Mr. Ford, Ms. Kaplan and Mr. Mahoney, each of whom has been determined to be an independent director by our Board. In fiscal 2018, the Nominating and Governance Committee met five times.

CORPORATE GOVERNANCE

Our Board is responsible for governing the business and affairs of the Company. Highlights of our corporate governance practices are described below.

Board Independence. The Board evaluates any relationships of each director and nominee and makes an affirmative determination whether or not such director or nominee is independent. Under our Corporate Governance Guidelines, an "independent" director is one who meets the qualification requirements for being independent under applicable laws and the corporate governance listing standards of Nasdaq. Our Board reviews any transactions and relationships between each non-management director or any member of his or her immediate family and the Company. The purpose of this review is to determine whether there are any such transactions or relationships and if so, whether they are inconsistent with a determination that the director was independent. The Board has determined that each of Messrs. Bekenstein, Cotton, Ford, Levin, Mahoney, Quella and Wallace and Ms. Kaplan and Raff is independent under our Corporate Governance Guidelines and Nasdaq listing standards.

Board Expertise and Diversity. Our Corporate Governance Guidelines provide that the Board shall be committed to a diversified membership, in terms of both the individuals involved as well as their personal backgrounds, various experiences and areas of expertise. We also seek a Board that reflects a range of talents, ages, skills, viewpoints, professional experience, educational background and expertise to provide sound and prudent guidance with respect to our operations and interests. All of our directors are financially literate, and at least one member of our Audit Committee is an audit committee financial expert.

Board Annual Performance Reviews. Our Corporate Governance Guidelines and Nominating and Governance Committee charter provide that the Nominating and Governance Committee shall be responsible for periodically, and at least annually, conducting an evaluation of the Board as a whole, as well as each of the committees' performance, on an annual basis. Using criteria developed to conduct these evaluations, the Nominating and Governance Committee shall report to the Board on its findings.

Board Nominees. Our Nominating and Governance Committee is responsible for recommending for Board approval the candidates for election to the Board at the Company's annual meeting of stockholders and for recommending individuals to fill vacancies on the Board that may occur between annual meetings of stockholders. It is the policy of the Nominating and Governance Committee to consider recommendations for director nominees from all sources, including stockholders, and to evaluate all recommendations under the same standards and criteria. Stockholders may recommend a director candidate for the consideration of the Nominating and Governance Committee by submitting the candidate's name and biography c/o Office of the Corporate Secretary, The Michaels Companies, Inc., 8000 Bent Branch Drive, Irving, Texas 75063. The Corporate Governance Guidelines provide that nominees for director shall be selected on the basis of their character, wisdom, judgment, ability to make independent analytical inquiries, business experiences, understanding of the Company's industry and business environment, time commitment and

acumen. Board members are expected to become and remain informed about the Company, its business and its industry and rigorously prepare for, attend and participate in all Board and applicable committee meetings. The Nominating and Governance Committee evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best perpetuate the success of our business, represent stockholder interests and exercise sound judgment using its diversity of experience. In addition, the Nominating and Governance Committee considers, in light of our business, each director nominee's experience, qualifications, attributes and skills. See "Proposal 1 Election of Directors" for the biographical information of the director nominees. Stockholders may also nominate director candidates for election at an annual meeting of stockholders, according to the procedures set forth in our bylaws, which are posted on our website, www.michaels.com. See also "Stockholder Proposals and Director Nominations".

Board Leadership Structure. Under our Corporate Governance Guidelines, our Board may select a Chairman of the Board of Directors at any time, who may also be an executive officer of the Company. In connection with the resignation of Mr. Rubin, the Board decided to separate the roles of Chairman and Chief Executive Officer, appointing Mr. Cosby as Interim Chief Executive Officer in February 2019 and James Quella as the Chairman of the Board in April 2019. During the leadership transition to a new full-time Chief Executive Officer, the Board believes that separating the roles allows the Interim Chief Executive Officer to focus on the business and day to day operations of the Company while the Chairman can handle the Board governance process.

Policies Relating to Board Service. It is our policy that no director shall be nominated who has attained the age of 73 prior to or on the date of his or her election or re-election. We also expect each of our directors to attend the Annual Meeting of Stockholders. Under our Audit Committee Charter, members of the Audit Committee should serve on no more than three separate public company audit committees simultaneously without prior review and determination by the Board that such simultaneous service would not impair the ability of such member to effectively serve on the Audit Committee.

Attendance. Our Board of Directors held seven meetings in fiscal 2018. During fiscal 2018, each director attended at least 75% of the Board and committee meetings on which he or she served during the periods that he or she served. Our independent directors also met separately in executive session at each of our regularly scheduled Board meetings during the year. Nine of our directors attended the 2018 Annual Meeting of Stockholders.

Code of Business Ethics and Conduct. We have adopted a written Code of Business Ethics and Conduct (the "Code of Ethics") that applies to our directors, officers and employees, including our executive officers, and is designed to ensure that our business is conducted with integrity. The Code of Ethics covers professional conduct, conflicts of interest, the protection of confidential information, as well as adherence to laws and regulations applicable to the conduct of our business. A copy of the Code of Ethics is posted on our website, at www.michaels.com. We intend to disclose any future amendments to, or waivers from, the Code of Ethics for our executive officers within four business days of the waiver or amendment through a website posting or by filing a Current Report on Form 8-K with the Securities and Exchange Commission, or the SEC.

Environmental and Corporate Social Responsibility. We operate by a set of core values, including giving back and doing the right thing. Our environmental sustainability and social responsibility efforts reflect those values. Michaels has long pursued initiatives that are good for society as well as our profitability, and in 2019, we published our first Corporate Social Responsibility Report. We believe in the value of environmentally sound business practices throughout our operations, including energy conservation as well as recycling and waste reduction efforts. We also expect our merchandise vendors and their factories to follow a certain set of standards and principles, including with respect to human rights. Each merchandise vendor must agree in writing to comply with our Vendor Code of Conduct and Human Rights Policy (the "Vendor Code") as a prerequisite to doing business with us. Those principles include, among others, respecting an employee's basic human rights, non-discriminatory hiring practices, fair compensation, a ban on child or slave/forced labor, and maintaining a safe working environment. The 2019 Corporate Social Responsibility Report and the Vendor Code are posted on our website.

Our Board's Role in Risk Oversight

The Board has oversight responsibility for the systems established to report and regularly monitor the most significant risks applicable to Michaels. The Board administers its risk oversight role directly and through its committee structure and the committees' regular reports to the Board at Board meetings. The Board reviews strategic, financial and execution risks and exposures associated with the annual plan and multi-year plans, major litigation and other matters that may present material risk to the Company's operations, plans, prospects or reputation, acquisitions and divestitures and senior management succession planning. The Audit Committee reviews risks associated with financial and accounting matters, including financial reporting, accounting, disclosure, internal controls over financial reporting, ethics and compliance programs, data security and cybersecurity. The Compensation Committee reviews risks related to executive compensation and the design of compensation programs, plans and arrangements. The Nominating and Governance Committee reviews risks and best practices with respect to corporate governance guidelines.

It is also management's responsibility to manage risk and bring to the Board's attention risks that are material to Michaels, including risks related to cybersecurity. The Company's management provides quarterly reports to the Audit Committee on cybersecurity updates and preventive measures being taken to avoid attacks. As the Company reviews and updates its cybersecurity plans and policies, it plans to continue to take the steps it believes are necessary to ensure effective Board oversight of this area.

Related Person Transactions Policy

In accordance with the charter of our Audit Committee and our Related Person Transaction Policy, our Audit Committee is responsible for reviewing and approving related person transactions.

The policy with respect to related person transactions applies to transactions, arrangements and relationships (or any series of similar transactions, arrangements or relationships) where the aggregate amount involved will, or may be expected to, exceed \$120,000 in any calendar year, and where we (or our subsidiaries) are a participant and in which a related person has or will have a direct or indirect material interest. In the course of its review and approval of related person transactions, our Audit Committee will consider the relevant facts and circumstances to decide whether to approve such transactions. In particular, our policy with respect to related person transactions will require our Audit Committee to consider, among other factors it deems appropriate:

- the benefits to the Company;
- the impact on a director's independence in the event the related person is a director, an immediate family member of a director or an entity in which a director has a position or relationship;
- the availability of other sources for comparable products or services;
- the terms of the transaction; and

· the terms available to unrelated third parties or to employees generally.

The Audit Committee may only approve those transactions that are in, or are not inconsistent with, our best interests and those of our stockholders, as the Audit Committee determines in good faith.

Our Related Person Transaction Policy is available on our website www.michaels.com.

EXECUTIVE COMPENSATION
COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The following Compensation Discussion and Analysis relates to compensation paid to our executive officers named in the Summary Compensation Table for fiscal 2018.

These individuals, referred to as our “Named Executive Officers” for fiscal 2018 are: Carl S. Rubin, former Chairman and Chief Executive Officer; Denise A. Paulonis, Executive Vice President – Chief Financial Officer; Stephen J. Carlotti, Executive Vice President—Marketing; and J. Robert Koch, Executive Vice President – Stores and Development. This Compensation Discussion and Analysis and the executive compensation discussion and tables that immediately follow describe our compensation, objectives, the strategy and elements of our compensation program, and our compensation-setting process as applied to our Named Executive Officers.

Highlights of Fiscal 2018 Performance

The highlights of our fiscal 2018 performance include the following:

- Comparable store sales increased 0.8%, or 0.9% at constant exchange rates.
- Net sales decreased to \$5,271.9 million, a 1.7% decrease compared to last year, primarily due to the closure of substantially all of our Aaron Brothers stores and the 53rd week in fiscal 2017.
- Our Michaels retail stores’ private brand merchandise drove approximately 60% of net sales in fiscal 2018 compared to 58% of net sales in fiscal 2017.
- We recognized approximately \$40 million of cost savings in fiscal 2018 as a result of sourcing initiatives that began in fiscal 2016.

Compensation Program

The principal objectives of our compensation program are:

- attracting and retaining highly qualified individuals whose contributions to Michaels result in us meeting or exceeding our financial and strategic goals;
- motivating officers to achieve exceptional levels of operating and financial performance; and
- aligning officer interests with the long-term goals of our stockholders.

Currently, the total compensation for our officers at the Vice President level and above, including our Named Executive Officers, consists of three main components: base salary, annual cash incentive bonuses and long-term equity-based incentive compensation awards. The strategy of the cash incentive compensation program is to provide higher annual cash incentive compensation for exceptional corporate and business financial performance. We also believe that by placing a significant equity opportunity in the hands of executives who are capable of driving and sustaining longer-term growth, our stockholders will benefit along with the executives who helped create stockholder value. The table, immediately below, includes the principal components of our pay-for-performance approach.

Component	Purpose	Form	Pay for Performance
Base Salary	Provide sufficient competitive pay to attract and retain experienced and successful executives; reward good performance and business results.	Cash	Adjustments to base salary are based on individual performance, contributions to the business, competitive practices and internal comparisons.
Annual Bonuses	Provide financial incentives to members of management who can make important contributions to Michaels success.	Cash	The potential award amount varies with the degree to which we achieve our annual financial objectives as well as individual performance.
Long-Term Equity-Based Compensation	Encourage and reward building long-term stockholder value; align executives' and stockholders' interests; promote retention; and encourage innovation. We provide different equity award types to balance these specific objectives.		
	① Reward absolute stock price appreciation.	Stock Options	The potential appreciation in our stock price above the option exercise price motivates our Named Executive Officers to build stockholder value. Named Executive Officers may realize value only if our stock price appreciates.
	① Promote retention and alignment with shareholders even during periods of short-term market volatility.	Restricted Stock Awards / Restricted Stock Units (time-based)	Retain Named Executive Officers and align their interests with stockholders' interests by awarding a fixed number of common shares upon vesting, which creates retention value even during periods of short-term market volatility.
	① Reward achievement of Company strategic initiatives and financial measures.	Restricted Stock Units (performance-based)	Retain and incentivize Named Executive Officers by aligning the vesting of restricted stock units directly to Company performance.

Compensation Strategy: Policies and Procedures

Role of Compensation Committee and Chief Executive Officer in Compensation Decisions

The Compensation Committee reviews and recommends to the Board for approval the compensation for all executive officers at the level of Executive Vice President and above. The Board is ultimately responsible for determining the compensation of our executive officers at the level of Executive Vice President and above, which includes our Named Executive Officers. Both the Compensation Committee and the Board receive recommendations with respect to compensation-related decisions regarding our executive officers, other than the Chief Executive Officer, by senior management, principally the Chief Executive Officer and the Senior Vice President – Human Resources. In determining compensation levels for the executive officers, the Compensation Committee considers the scope of an

individual’s responsibilities, the competitive market salary at comparable companies, an individual’s performance and prior experience, the performance of the Company and the attainment of planned financial and strategic initiatives. These factors are evaluated by the Compensation Committee and the Board, with the attainment of planned financial and strategic initiatives given greater weight with respect to executive bonuses. The Compensation Committee considers overall past compensation and incentives in determining the compensation of executive officers and seeks to assure that the executives have appropriate incentives to achieve high levels of Company performance. The Compensation Committee, through its members’ involvement in other companies, has experience evaluating compensation programs for executive officers. Approvals by the Compensation Committee and recommendations to the Board by the Compensation Committee are based on a number of factors, including a review of competitive market data (as described below) and executive performance (as described below), the experience of the members of the Compensation Committee and alignment of compensation with the overall strategic direction and goals of the Company.

Competitive market data and use of compensation consultants

As part of the compensation review process, Korn Ferry Hay Group (“Korn Ferry”), a compensation consulting firm engaged by the Company on behalf of the Compensation Committee, provides market survey data on executive total compensation levels and general information regarding executive compensation practices in our industry to the Compensation Committee. In 2017, the Compensation Committee directed Korn Ferry to evaluate our fiscal 2018 peer group. Korn Ferry used a variety of factors, including company revenue, profitability, other financial metrics, type of retail business, and competition for executive talent. Following the evaluation, Korn Ferry developed, and our Compensation Committee approved, the following companies as our peer group for fiscal 2018:

Advance Auto Parts, Inc.	Dick’s Sporting Goods, Inc.	Ross Stores Inc.
AutoZone, Inc.	DSW, Inc.	Sally Beauty Holdings, Inc.
Big Lots, Inc.	GNC Holdings, Inc.	Signet Jewelers Limited
Burlington Stores Inc.	O’Reilly Automotive, Inc.	Tractor Supply Company
Chico’s FAS, Inc.	Party City Holdco Inc.	Williams-Sonoma, Inc.

The Compensation Committee used our peer group to assess the appropriateness of the following key components of our Chief Executive Officer’s compensation: base salary, annual cash bonuses and long-term equity incentives. In connection with fiscal 2018 bonus and base compensation targets for our Named Executive Officers, which were approved in March 2018, respectively, the Compensation Committee used such data, as well as retail industry survey data provided by Korn Ferry and information gathered through its members’ involvement in other companies, to set the overall executive compensation program. The Compensation Committee may request that Korn Ferry (or another compensation consultant) provide other periodic market data on our peer group of companies.

Compensation Elements

Base Salaries

Base salaries for our executive officers are established based on the scope of their responsibilities, individual performance and prior experience, Michaels operating and financial performance and the attainment of planned financial and strategic initiatives, taking into account the knowledge of the members of the Compensation Committee and the advice of Korn Ferry regarding competitive market compensation paid by companies for similar positions. The Compensation Committee recommends, and the Board sets, base salaries for officers at the level of Executive Vice President and above at a level designed to attract and retain highly qualified individuals who make contributions that result in Michaels meeting its operating and financial goals. Base salaries are reviewed and adjusted annually as deemed appropriate by the Compensation Committee and the Board, as applicable, based on performance and business results, among other factors.

In December 2017, the Compensation Committee reviewed recommendations regarding fiscal 2018 annual base salary rates for the executive officer group based on the criteria set forth under “Compensation Strategy: Policies and Procedures”. Merit guidelines for fiscal 2018 were determined by reviewing surveys of market data provided by Korn Ferry, as well as giving consideration to the Company’s overall budget for team member compensation. The Compensation Committee also reviewed the Company’s financial results for fiscal 2017. After completing its review and analysis, the Compensation Committee made the decision to not grant a merit increase for fiscal 2018 to the Chief

Executive Officer. Annual base salary rates for the Named Executive Officers for fiscal 2017 and 2018, are shown below.

<u>Name</u>	<u>2017 Base Salary</u>	<u>2018 Base Salary</u>
Carl S. Rubin	\$ 1,202,000	\$ 1,202,000
Denise A. Paulonis	\$ 500,000	\$ 575,000
Stephen J. Carlotti	\$ 556,973	\$ 601,530
J. Robert Koch	\$ —	\$ 425,000 (1)

(1) Mr. Koch joined the Company in May 2018. Pursuant to Mr. Koch's offer letter, his base salary was set at \$425,000, subject to increases at the Board's discretion.

Annual Bonuses

In connection with our initial public offering, our Board adopted The Michaels Companies, Inc. Annual Incentive Plan (the "Annual Plan"). Starting with fiscal 2015, annual award opportunities for executive officers, including our Named Executive Officers, and other key team members were granted under the Annual Plan. The Annual Plan provides financial incentives to these individuals and those other members of management who are in positions to make important contributions to Michaels' success. In March 2018, the Compensation Committee recommended that the Board approve the fiscal 2018 bonus criteria for executive officers, including the Named Executive Officers, under the Annual Plan (such bonus criteria, the "2018 Bonus Plan"). The Board subsequently approved the 2018 Bonus Plan. The structure of the 2018 Bonus Plan and the specific objectives relating to bonus payments were proposed by the Chief Executive Officer and were reviewed by the Compensation Committee in consultation with Korn Ferry.

For each of the Named Executive Officers, the 2018 Bonus Plan tied 80% of bonus opportunity to Michaels' attainment of a financial objective (earnings before interest and taxes, with certain adjustments, or "EBIT"), and 20% to individual performance. Individual management business objectives for Mr. Rubin were reviewed with the members of the Compensation Committee in the early part of fiscal 2018. Individual management business objectives for Ms. Paulonis and Mr. Carlotti were also reviewed with the members of the Compensation Committee at such time, and approved by the Chief Executive Officer. Mr. Koch's individual management business objectives were reviewed with the members of the Compensation Committee and approved by the Chief Executive Officer shortly after Mr. Koch's start date with the Company.

Under the 2018 Bonus Plan, before any business unit or individual performance payout would be earned, the actual results of the financial objective (EBIT) was required to meet the threshold established by the Compensation Committee, which represented approximately 90% of target. Each participating Named Executive Officer was entitled to a bonus equal to a certain percentage of that executive officer's base salary, depending on the achievement of the threshold, target or maximum performance level. The Compensation Committee set threshold, target and maximum performance levels for all executive officers of the Company. The final award depended on the actual level of performance achieved; however, the Compensation Committee retained the right to make adjustments in its sole discretion. The target levels of performance for the bonus goals were set at levels that the Compensation Committee and the Board believed to be reasonably achievable in view of Michaels' historical annual performance. In the Compensation Committee's view, taking into account comparative data provided to the Committee by Korn Ferry, the compensation payable to the Named Executive Officers upon reaching target levels of performance, when added to their base salaries, creates a level of total cash compensation competitive with that paid by comparable companies for similar positions. Additional information regarding the targets and objectives is set forth below.

For fiscal 2018 annual bonuses, the threshold, target and maximum percentages of base salary, as well as the bonus element weightings, for each of the Named Executive Officers were as follows:

	Carl S. Rubin	Denise A. Paulonis	Stephen J. Carlotti	J. Robert Koch
Percentage of Base Salary				
Target	125 %	65 %	65 %	65 %
Threshold	22.5 %	11.7 %	11.7 %	11.7 %
Maximum	250 %	130 %	130 %	130 %
Bonus Element Weightings				
Overall Company Results	80 %	80 %	80 %	80 %
Individual Performance	20 %	20 %	20 %	20 %

Company Financial Measures

At the beginning of fiscal 2018, the Compensation Committee established, and the Board approved, the EBIT threshold for bonuses under the 2018 Bonus Plan at \$650.1 million, with a target level of \$722.3 million, and a maximum of \$780.1 million. In March 2019, the Compensation Committee reviewed the Company's financial results and determined that for fiscal 2018, the Company achieved financial performance of \$668.5 million, which was above the threshold level, but below the target level. As a result, fiscal 2018 bonuses were earned under the 2018 Bonus Plan.

Individual Performance Measures

Because the financial objective threshold applicable to all Named Executive Officers was met, each of the Named Executive Officers was eligible to earn a bonus for fiscal 2018. Individual performance was also evaluated to determine whether the Named Executive Officers met their individual management business objectives, which are both quantitative and subjective. These objectives are assessed in the aggregate to determine the individual's level of performance and bonus achieved. No specified weight is given to a single measure within the group of individual management business objectives, and assessment of achievement reflects a generalized view of overall achievement of the group of measures. In addition, the individual management business objectives for all executives included an assessment of the executive's job knowledge and skills, communication skills, interpersonal skills, effectiveness of management, judgment and decision-making, drive and commitment, leadership and customer satisfaction.

Mr. Rubin's group of individual management business objectives were focused primarily on sales, EBIT, cash flow, progressing with our digital strategy, improvement of operational excellence, maintenance of organizational health, including team member engagement, solidifying the Company's succession plans, balancing near-term and long-term profitability and opportunities. Ms. Paulonis's group of individual management business objectives were focused primarily on sales, EBIT, cash flow, managing the Company's banking matters and integral partnership across the other operations of the business. Mr. Carlotti's group of individual management business objectives focused primarily on sales, EBIT and growth of our e-commerce platform and custom framing business, leading new and existing marketing initiatives and development of our new data platform and analytical capabilities. Mr. Koch's group of individual management business objectives were primarily focused on sales, EBIT, cash flow, leading the store operations organization, managing the Company's real estate portfolio, including leasing and site location, and directing the business development function primarily focused on identifying and pursuing new growth opportunities. The Compensation Committee determined that Mr. Rubin achieved his individual objectives at 25% of target. The Compensation Committee also determined that each of Messrs. Carlotti, Koch and Ms. Paulonis achieved their individual objectives at 100% of target.

Actual Payouts

Actual payouts for the Named Executive Officers, as a percentage of each individual's base salary, were as follows (compared to target):

	Carl S. Rubin	Denise A. Paulonis	Stephen J. Carlotti	J. Robert Koch
Percentage of Base Salary				
Actual Payout	39.0 %	30.0 %	30.0 %	23.0 %
Target	125.0 %	65.0 %	65.0 %	65.0 %

Long-Term Equity-Based Compensation

Equity awards granted by the Company are intended to align the long-term incentives of our Named Executive Officers and stockholders. Target long-term incentive values are based on market data for comparable roles provided by Korn Ferry. This award value is then converted into a number of shares based on the Company's stock price on the grant date. Beginning in 2013, the Company began issuing a combination of annual option and restricted stock grants to vest over four years. As of fiscal 2018, the award mix of the annual grants was approximately five times the number of shares underlying a stock option grant as a restricted stock unit grant (5 shares per stock option award to 1 share per restricted stock unit award). In fiscal 2018, performance-based awards were granted in September 2018. In fiscal 2017, the annual equity grant award cadence was moved to March. Prior to fiscal 2017, the annual equity grant was awarded during August / September.

Annual option and restricted stock unit grant amounts are generally awarded based on the midpoint of the award grant range for such officer's level, with occasional exceptions based on an individual's performance. Grants are also typically awarded when an executive is hired and may be awarded for subsequent promotions. New hire grants and promotion-related grants are generally issued at a multiple of the range midpoint, on a case-by-case basis. All stock option grants made in fiscal 2018 were at exercise prices set at or above the grant date fair market value of the underlying stock as determined by our Board. Details regarding option and grants of restricted stock and restricted stock units made to our Named Executive Officers in fiscal 2018 and awards outstanding at the end of fiscal 2018 is provided, respectively, in the Grants of Plan-Based Awards for Fiscal 2018 table and the Outstanding Equity Awards at Fiscal Year-End 2018 table that follow this Compensation Discussion and Analysis.

September 2018 Performance-Based Awards

In September 2018, the Company granted performance restricted stock units to each of the Named Executive Officers. The goal of this one-time grant of performance-based equity was to retain key leadership, drive long-term Company performance and motivate the leadership team to achieve long-term financial objectives. The vesting of these awards is 100% performance-based and tied to achievement of certain Company financial measures and strategic initiatives through the 2021 fiscal year, ending on January 30, 2022. Should these measures go unmet after January 30, 2022, all unvested performance restricted stock units will be forfeited. Valuations of these awards in this Compensation Discussion and Analysis are based on the probable outcome of the performance criteria as of the grant date.

Mr. Rubin was granted 431,530 restricted stock units in September 2018 (as described above). In connection with his separation, Mr. Rubin forfeited these performance restricted stock units, effective April 1, 2018.

For more information regarding these awards, see "Executive and Director Compensation – Grants of Plan-Based Awards for Fiscal 2018" and "Executive and Director Compensation – Outstanding Equity Awards at Fiscal Year-End 2018".

Stock Ownership Guidelines

In March 2017, Michaels updated its ownership guidelines applicable to all officers, including the Named Executive Officers. The Chief Executive Officer's ownership is expected to equal five times his base salary. Each of the remaining Named Executive Officer's ownership is expected to equal three times his or her base salary. For those officers not already meeting the parameters outlined in the guidelines, compliant ownership is to be achieved before their fifth anniversary with Michaels, and they are expected to continuously own sufficient shares to meet the guideline once attained. Individuals who become subject to a greater ownership level due to promotion are expected to meet the

applicable guideline no more than five years after first becoming subject to the greater ownership level. Ownership includes shares held outright, unvested restricted shares, unvested restricted stock units, the in-the-money value of vested stock options, and shares held in trusts.

Margin Accounts, Pledging and Hedging Transactions

With limited exceptions, anyone who regularly has access to material non-public information about the Company, or an insider, is generally prohibited from holding Company securities in margin accounts and pledging Company securities as collateral. Insiders are also prohibited from entering into hedging transactions, as such transactions can cause the interest of such person to not be aligned with the interest of the Company's other stockholders. The Board believes these prohibitions, as found in the Company's Insider Trading Policy, prevent the misuse of confidential information, promote compliance with securities laws and maintain alignment with the long-term goals of its stockholders. The Insider Trading Policy, adopted in June 2014, is available on our website at www.michaels.com.

Other Benefits and Perquisites

Our Named Executive Officers also receive certain other benefits and perquisites. During fiscal 2018, these benefits included contributions to 401(k) accounts, relocation benefits, Company-paid life insurance premiums, certain Company-paid medical benefits and, in some cases, reimbursement for income taxes on long-term disability insurance premiums and medical benefits. Our former Chief Executive Officer, Mr. Rubin, was also entitled to the use of a Company-owned or leased automobile. The Compensation Committee and the Board believe that these benefits and perquisites are reasonable and consistent with the nature of the executives' responsibilities, provide a competitive level of total compensation to our executives and serve as an important element in retaining those individuals. The cost to Michaels of these benefits to the Named Executive Officers is set forth in the Summary Compensation Table under the column "All Other Compensation" and detail about each element is set forth in the table presented in footnote 5 to the Summary Compensation Table.

Clawback Policy

In March 2017, the Board approved a Policy for Recovery of Incentive Compensation, which allows the Company to recover incentive compensation from a current or former Named Executive Officer in the event the individual engaged in knowing or intentional fraudulent or illegal conduct that materially contributed to the need for a restatement of the Company's financial statements. The Policy for Recovery of Incentive Compensation is available on our website at www.michaels.com.

Employment and Severance Agreements

We entered into an employment agreement with Mr. Rubin (the "Rubin Agreement"), which became effective on March 18, 2013, the date he commenced employment. The Rubin Agreement included certain severance benefits in the event of termination other than for cause or by Mr. Rubin for good reason, as such terms are defined in the agreement. Mr. Rubin resigned from his role as Chief Executive Officer of the Company effective February 28, 2019. He resigned from his role as Chairman of the Board, and his employment as an employee of the Company terminated, effective April 1, 2019. In connection with his separation, the Company entered into a Separation Letter, dated February 27, 2019 and an Addendum and Amendment to Separation Letter, dated March 20, 2019 (together, the "Separation Agreement"). The specific terms of Mr. Rubin's employment agreements, including the terms agreed to in his Separation Agreement are discussed in the section entitled "Agreements with Carl S. Rubin" following the Grants of Plan-Based Awards table as well as under "Executive Compensation – Potential Payments upon Termination or Change of Control – Estimated Separation Payments".

In April 2008, the Board approved the Company's Officer Severance Pay Plan (the "OSPP"), which was amended in July 2008, May 2014, December 2014 and March 2017. The OSPP was established by the Company to provide certain severance benefits, subject to the terms and conditions of the OSPP, to designated officers (those with a position of Vice President or above, or an equivalent title as approved by the Compensation Committee, and excluding the Chief Executive Officer) in the event that their employment is terminated as a result of a "Qualifying Termination" (as defined in the OSPP and described below). A more detailed description of the OSPP may be found under "Potential Payments upon Termination or Change of Control".

Tax Considerations

While the Compensation Committee takes into account tax and accounting considerations in structuring the components of the Company's compensation program, these considerations are secondary to the primary objectives of the program. Section 162(m) of the Code ("Section 162(m)") disallows a U.S. federal income tax deduction to any publicly held corporation for compensation exceeding \$1 million in any taxable year. Prior to the Tax Cuts and Jobs Act (the "Tax Reform Law") that was enacted on December 22, 2017, the limitation only applied to the corporation's chief executive officer and its other three most highly paid named executive officers other than its chief financial officer, and certain compensation that qualified as performance-based was eligible for an exemption from Section 162(m). Effective for taxable years beginning after December 31, 2017, the Tax Reform Law expanded the deduction limitation to apply to a corporation's chief financial officer and repealed the exemption for performance-based compensation except for certain grandfathered compensation arrangements. Although the Compensation Committee may take the deductibility limitations of Section 162(m) into account in its compensation decisions, the Compensation Committee expects it will authorize compensation payments that are not deductible under Section 162(m) to attract and retain talent.

The Company's Compensation Policies and Practices as They Relate to Risk Management

In accordance with the applicable disclosure requirements, to the extent that risks may arise from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company, the Company is required to discuss those policies and practices for compensating the employees of the Company (including employees that are not Named Executive Officers) as they relate to the Company's risk management practices and the possibility of incentivizing risk-taking.

The Compensation Committee has evaluated the policies and practices of compensating the Company's employees in light of the relevant factors, including the following:

- the financial performance targets of the Company's annual cash incentive program are the budgeted objectives that are reviewed and approved by the Board and/or the Compensation Committee;
- bonus payouts are not based solely on Company performance, but also have achievement of individual performance objectives as a component, provided that Company performance thresholds are met;
- bonus awards generally are not contractual entitlements, but are reviewed by the Compensation Committee and/or the Board and can be modified at their discretion;
- the financial opportunity in the Company's long-term equity-based compensation is best realized through long-term appreciation of the Company's stock price, which mitigates excessive short-term risk-taking;
- results of the most recent stockholder advisory votes on executive compensation; and
- the allocation of compensation between cash and equity awards and the focus on stock-based compensation, including options and restricted stock awards generally vesting over a period of years, thereby mitigating against short-term risk taking.

Based on such evaluation, the Compensation Committee has determined that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Chief Executive Officer Pay Ratio

For 2018, the total compensation of Mr. Rubin, the Company's former Chief Executive Officer, was \$10,472,847, as presented in the Summary Compensation Table, and approximately 915 times the total compensation of the Company's median employee of \$11,440 calculated in the same manner.

Over half of Mr. Rubin's total compensation is attributable to the 431,530 performance-based restricted stock units granted to Mr. Rubin in fiscal 2018. In connection with Mr. Rubin's termination of employment with the Company, these performance restricted stock units were forfeited. These restricted units were to vest as certain award performance criteria were met on or before January 30, 2022. As of September 10, 2018 (the date of grant), these restricted stock units were valued at \$3,749,921, based on the probable outcome of the performance criteria. None of these restricted stock units had vested as of the last day of fiscal 2018. Excluding the grant of these restricted stock units, Mr. Rubin's total compensation for fiscal 2018 would be \$6,722,926, and approximately 588 times the total compensation of the Company's median employee.

The employee population was determined as of January 31, 2019. On that date, the Company had a total employee population of 37,525 employees in the United States, Canada, China and Hong Kong. With a total of 121 employees in China and Hong Kong, the de minimis exemption under SEC regulations was applied. The median employee was determined from the active employee population of the United States and Canada on the determination date, excluding Mr. Rubin. All of the Company's active employees were included, whether employed on a full-time or part-time or seasonal basis. Adjustments were made to annualize the compensation of employees who were not employed by the Company for the entire year. The median employee, a part-time employee in our stores, was identified by reviewing the wages of our employees as reflected in our payroll records for 2018. We converted earnings paid in Canadian dollars to U.S. dollars using the published exchange rate as of January 31, 2019. After identifying the median

employee, the 2018 annual total compensation was calculated for the median employee using the same methodology used for the Company's former Chief Executive Officer as presented in the Summary Compensation Table above.

Nearly 75% of our employees are part-time and / or seasonal employees in our stores or distribution centers. In comparison, the total compensation of the Company's former Chief Executive Officer was approximately 273 times the total compensation of the Company's median full-time employee of \$38,417 calculated in the same manner as mentioned above. The median full-time employee was determined from the active employee population of the United States and Canada on the determination date, excluding Mr. Rubin.

The SEC rules allow us the flexibility to select a methodology for identifying our median employee in a manner that is most appropriate based on our size, organizational structure, policies and procedures. As such, the pay ratios reported by other companies, including by our peer companies or other companies in the arts and craft specialty retail industry, which may have employed other permitted methodologies or assumptions, may not be comparable to our pay ratio.

Employment Agreements with Certain Named Executive Officers

Agreements with Carl S. Rubin

We entered into an employment agreement with Mr. Rubin, our former Chairman and Chief Executive Officer, which became effective on March 18, 2013, the date he commenced employment. The Rubin Agreement provided for an initial annual base salary of \$1,100,000, subject to increase in the Board's discretion. Mr. Rubin was eligible to earn an annual incentive bonus at a target of 125% of his annual base salary and a maximum bonus of 250% of his annual base salary, based on performance criteria established by the Board for each fiscal year during his employment. Mr. Rubin received no additional compensation for his service as a director of the Company.

In connection with Mr. Rubin's resignation from the Company, the Company and its subsidiary MSI entered into the Separation Agreement with Mr. Rubin. Under the Separation Agreement, Mr. Rubin will receive the severance benefits from his employment agreement. In particular, the Company will pay (1) his base salary of \$1,202,000 for two years following his separation date of April 1, 2019; (2) an amount equal to two times his target bonus of 125% of his base salary; (3) a lump-sum amount equal to MSI's premium cost for medical and/or dental plans during the COBRA period, subject to his payment of the employee portion; and (4) the cost of an executive physical. The Company also agreed to pay Mr. Rubin's legal fees in connection with the negotiation of his Separation Agreement.

Mr. Rubin's equity awards that were scheduled to vest, in part, on September 14, 2019 and September 30, 2019, respectively, vested on his separation date, as though Mr. Rubin had remained in continuous employment with MSI through such scheduled vesting dates, pro-rated based on the number of days he was employed with MSI since the prior vesting dates of September 14, 2018 and September 30, 2018, respectively and his separation date. Mr. Rubin will have up to two years from his separation date to exercise 62.5% of his vested but unexercised options and up to 60 days to exercise the remaining 37.5% of such options. The parties also agreed to certain mutual non-disparagement obligations.

For more information about the payments and benefits payable to Mr. Rubin in connection with the termination of his employment, please see "Executive Compensation – Potential Payments upon Termination or Change of Control" below.

Potential Payments upon Termination or Change of Control

Mr. Rubin was entitled under his employment agreement, effective March 18, 2013, to certain benefits in the event of termination. In connection with Mr. Rubin’s termination of employment, he is receiving severance payments and benefits under the Separation Agreement. Ms. Paulonis and Messrs. In addition, in the event of a Change of Control (as defined in the Omnibus Plan), the Omnibus Plan provides for a range of possible actions with respect to outstanding equity awards, including acceleration of vesting. In the event of a transaction that constitutes a Change of Control for awards granted prior to the adoption of the Omnibus Plan on June 6, 2014, each Named Executive Officer, would be entitled to acceleration of his equity awards. In addition, our Named Executive Officers may also be entitled to accelerated vesting of their respective equity awards or an extended period to exercise their vested stock options upon a termination of employment, depending on the specific circumstance as set forth below. The payments for which the Named Executive Officers are eligible under various circumstances related to a Change of Control or termination of employment are detailed below.

The Omnibus Plan defines a “Change of Control” as follows (1) whenever used in an Award granted prior to the date of adoption of the Omnibus Plan, a “Change of Control” as defined in Stockholders Agreement, and (2) in every other case, a “Change of Control” means the occurrence of any of the following: (i) any consolidation or merger of the Company with or into any other corporation or other Person, or any other corporate reorganization or transaction (including the acquisition of capital stock of the Company), whether or not the Company is a party thereto, in which the stockholders of the Company immediately prior to such consolidation, merger, reorganization or transaction, own capital stock either (A) representing directly, or indirectly through one or more entities, less than fifty percent (50%) of the economic interests in or voting power of the Company or other surviving entity immediately after such consolidation, merger, reorganization or transaction or (B) that does not directly, or indirectly through one or more entities, have the power to elect a majority of the entire board of directors of the Company or other surviving entity immediately after such consolidation, merger, reorganization or transaction; (ii) any stock sale or other transaction or series of related transactions, whether or not the Company is a party thereto, after giving effect to which in excess of fifty percent (50%) of the Company’s voting power is owned directly, or indirectly through one or more entities, by any Person and its “affiliates” or “associates” (as such terms are defined in the rules adopted by the SEC under the Securities Exchange Act of 1934, as in effect from time to time), other than Bain and Blackstone and their respective affiliated funds, excluding, in any case referred to in clause (i) or (ii) an initial public offering or any bona fide primary or secondary public offering following the occurrence of an initial public offering; or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Company.

The Stockholders Agreement defines a “Change of Control” as the occurrence of any of the following: (i) any consolidation or merger of the Company with or into any other corporation or other person, or any other corporate reorganization or transaction (including the acquisition of capital stock of the Company), whether or not the Company is a party thereto, in which the stockholders of the Company immediately prior to such consolidation, merger, reorganization or transaction, own capital stock either (A) representing directly, or indirectly through one or more entities, less than fifty percent (50%) of the economic interests in or voting power of the Company or other surviving entity immediately after such consolidation, merger, reorganization or transaction or (B) that does not directly, or indirectly through one or more entities, have the power to elect a majority of the entire Board of the Company or other surviving entity immediately after such consolidation, merger, reorganization or transaction; (ii) any stock sale or other transaction or series of related transactions, whether or not the Company is a party thereto, after giving effect to which in excess of fifty percent (50%) of the Company’s voting power is owned directly, or indirectly through one or more

entities, by any person and its affiliates or associates, other than the Bain and Blackstone and their affiliates and the affiliates of Highfields Capital Management LP, excluding, in any case, the Company's initial public offering or any bona fide primary or secondary public offering following the occurrence of the initial public offering; or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Company.

Rights and Potential Payments on Termination for Cause, Death, Disability and Voluntary Resignation

Cause. Each of the Rubin Agreement and the OSPP provides that no payments or benefits are due to a Named Executive Officer in the event of a termination for cause except amounts accrued and payable to such executive through the termination date. Under the Omnibus Plan, all stock options (whether vested or unvested) will immediately terminate on a termination of employment for cause.

Death. Each Named Executive Officer is provided a life insurance policy by the Company with a \$1,000,000 benefit, which would be payable to the executive's beneficiaries upon such executive's death. The Rubin Agreement provided that his beneficiaries would be further entitled to an amount equal to his pro-rated bonus for the year in which death occurs. Under the Omnibus Plan, the executive's permitted transferee has the option within the one-year period following the executive's termination of employment (or through the option's expiration date, if earlier) to exercise any vested stock options held by the Named Executive Officer prior to his death. Assuming the executive's death on February 2, 2019, the last day of our fiscal year, the exercise price for each outstanding stock option granted to the Named Executive Officers was above \$13.61 per share of Common Stock, the closing price of our Common Stock on The Nasdaq Global Select Market on February 1, 2019 (the last business day of fiscal 2018). As such, upon the executive's death on the last day of fiscal 2018, the executive's permitted transferee would not have possessed any in-the-money vested stock options to exercise.

Disability. The Company provides each Named Executive Officer with an executive long-term disability policy for the benefit of such executive, which would afford such executive a right to disability benefits after 90 days of the executive becoming disabled in the amount of 67% of monthly compensation up to \$20,000 per month. This benefit generally continues until the disability is resolved or age 65. Under the Rubin Agreement, Mr. Rubin would have been further entitled to an amount equal to his pro-rated bonus for the year in which his termination due to disability occurs. During the one-year period following the executive's termination of employment due to disability (or through the option's expiration date, if earlier), the executive may exercise any vested stock options held by him or her prior to his termination. Assuming the executive wished to exercise his or her option to exercise any in-the-money vested stock options held by him or her at such time and to sell all of the shares owned by the Named Executive Officer upon disability on the last day of fiscal 2018, the Named Executive Officer would not have possessed any in-the-money vested stock options to exercise.

Voluntary resignation. In the event of a voluntary resignation of any of the Named Executive Officers, there are no payments or benefits that continue beyond what is accrued and payable through the termination date. In the event of a voluntary resignation in the case where the executive is (i) at or above age 65 or (ii) at or above age 55 with five years of service to the Company, any vested options held by him or her granted prior to fiscal 2019 will remain exercisable for two years following such resignation (or through the option's expiration date, if earlier). In the event the preceding is not applicable, the executive may exercise any vested options held by him or her prior to his or her resignation for up to 60 days following termination (or through the option's expiration date, if earlier).

Involuntary termination other than for cause. For Messrs. Carlotti and Koch, and Ms. Paulonis, in addition to benefits they are entitled to under the OSPP, in the event of an involuntary termination of employment for reasons other than for cause in the case where the executive is (i) at or above age 65 or (ii) at or above age 55 with five years of service to the Company, any vested options held by him or her granted prior to fiscal 2019 will remain exercisable for two years following such resignation (or through the option's expiration date, if earlier).

Rights and Potential Payment upon a Change of Control or Termination without Cause or with Good Reason

Rubin Employment Agreement

We entered into an employment agreement with Mr. Rubin, which became effective on March 18, 2013, the date he commenced employment. Pursuant to the Rubin Agreement, if Mr. Rubin's employment was terminated by the Company without cause or by Mr. Rubin for good reason, then, for the two-year period following the date of termination, he would be entitled, subject to signing a release of claims, to receive a severance benefit equal to (i) his

base salary at the annual rate in effect on the date of termination, (ii) the amount of his annual target bonus for the year of termination and (iii) continued medical and dental benefits (during the COBRA period) at the Company's expense. Mr. Rubin's severance entitlements were also subject to his compliance with certain restrictive covenants, including non-competition, non-hire, and non-solicitation obligations during, and for two years following his employment.

Pursuant to the Rubin Agreement, "cause" meant the following events or conditions, as determined by the Board in its reasonable judgment: (i) the willful failure to perform (other than by reason of disability), or gross negligence in the performance of, his material duties and responsibilities to the Company or any of its Affiliates (as defined in the Rubin Agreement), or willful failure to follow or carry out any lawful and reasonable direction of the Board, and the continuance of such willful failure or gross negligence for a period of 25 days after written notice; (ii) the willful material breach of any provision of this Agreement or any other material agreement between Mr. Rubin and the Company or any of its Affiliates and the continuance of such material breach for a period of 25 days after delivery of written notice to the executive; (iii) fraud, embezzlement, theft or other dishonesty with respect to the Company or any of its Affiliates; (iv) the conviction of, or a plea of *nolo contendere* to, any felony or any other crime involving dishonesty or moral turpitude; and (v) any other conduct that involves a willful and material breach of fiduciary obligation.

The term "good reason" meant any of the following, if occurring without Mr. Rubin's consent or other than for tax or other regulatory reasons: (i) removal of Mr. Rubin from the position of Chief Executive Officer or director of the Company (or a successor corporation), or his removal from a director or officer position of an Immediate Affiliate (as defined in the Rubin Agreement); (ii) material diminution in the nature or scope of his responsibilities, duties or authority, including the appointment or election of a Board Chairman who is also an executive officer of the Company, other than Mr. Rubin, a change in his direct reporting to the full Board or a change in reporting relationships resulting from the direct or indirect control of the Company (or a successor corporation) by another corporation or other entity or resulting from an acquisition by a person or entity of at least 50% of the equity, property or other assets of the Company or any of its Affiliates; provided, however, that any material diminution of the business of the Company or any of its Affiliates shall not constitute "good reason"; (iii) the material failure of the Company to provide him the base salary and annual bonus opportunity in accordance with the terms of the Rubin Agreement; or (iv) relocation of Mr. Rubin's office to an area outside of a 50-mile radius from the Company's current headquarters in Irving, Texas. To qualify as a termination for good reason under the Rubin Agreement, notice to the Company must have been given by Mr. Rubin and the Company must have failed to cure the good reason within 30 days of receiving notice.

In addition to the Rubin Agreement, Mr. Rubin entered into agreements providing for his restricted stock grants and his stock option grants. These agreements provide that in the event of a Change of Control (as defined in the Stockholders Agreement and above under "– Potential Payments upon Termination or Change of Control"), all of Mr. Rubin's restricted stock and stock options would immediately vest. The Rubin Agreement provides no change of control severance benefits.

Mr. Rubin resigned from his role as Chief Executive Officer of the Company effective February 28, 2019. He resigned from his role as Chairman of the Board, and his employment as an employee of the Company terminated, effective April 1, 2019. In connection with his separation, the Company entered into the Separation Agreement. For more information about Mr. Rubin's employment termination and the Separation Agreement, including the treatment of his equity awards, please see above under "Agreements with Carl S. Rubin" following the Grants of Plan-Based Awards table as well as below under "Executive Compensation – Potential Payments upon Termination or Change of Control – Estimated Separation Payments".

Officer Severance Pay Plan

In April 2008, the Board approved the OSPP, which was amended in July 2008 and was further amended on May 20, 2014, December 9, 2014 and March 21, 2017. The OSPP was established by the Company to provide certain severance benefits, subject to the terms and conditions of the OSPP, to designated officers (those with a position of Vice President or above, or an equivalent title as approved by the Compensation Committee, and excluding the Chief Executive Officer) in the event that their employment is permanently terminated as a result of a "Qualifying Termination". For purposes of the OSPP, an executive is subject to a "Qualifying Termination" if:

- the executive is on active payroll or is on an approved leave of absence with a right to reinstatement at the time his or her employment terminates;

- the executive's employment is terminated by the Company other than for "Cause" (which includes a refusal or failure to perform, or material negligence in the performance of, the executive's duties, a material breach of a material agreement between the executive and the Company, fraud, embezzlement, theft, other dishonesty, the conviction of or plea of guilty or *nolo contendere* to a crime involving dishonesty or moral turpitude, breach of a fiduciary duty to the Company or violation of Company policy that could expose the Company to liability or could damage the Company's business or reputation) and other than a result of death or disability;
- the executive is not offered and has not accepted other employment with (1) an affiliate of the Company, (2) a successor of the Company, or (3) a purchaser of some or all of the assets of the Company, in each case: (a) in a position which the executive is qualified to perform regardless of whether the executive is subject to, among other things, a new job title, different reporting relationships or a modification of the executive's duties and responsibilities; (b) in a position that, when compared with the executive's last position with the Company, provides a comparable base salary and bonus opportunity; and (c) where there is no change in the executive's principal place of employment to a location more than 35 miles from the executive's principal place of employment immediately prior to the Qualifying Termination; and
- the executive continues employment until the termination date designated by the Company or such earlier date to which the Company agrees, and, during the period from the date the executive receives notice of termination until the termination date, the executive continues to perform to the reasonable satisfaction of the Company.

Executives subject to a Qualifying Termination are entitled to the following benefits:

- severance pay, payable in accordance with the Company's normal payroll practices, at the following levels: (i) for the position of Vice President with less than two years of service, six months of base salary continuation; (ii) for the position of Vice President with two or more years of service, twelve months of base salary continuation; (iii) for the position of Senior Vice President, Executive Vice President or President with less than two years of service, twelve months of base salary continuation; and (iv) for the position of Senior Vice President, Executive Vice President or President with two or more years of service, eighteen months of base salary continuation;
- a pro-rated earned annual bonus for the year of termination; and
- cash welfare benefit payments to be paid at a rate equal to (i) the Company-paid portion of the group medical and dental plan premiums in effect for the executive (and his/her spouse and dependents, as applicable) immediately prior to the termination date, as pro-rated for each payroll period, multiplied by (ii) 130%.

In order to obtain severance benefits under the OSPP, an executive must first execute a severance agreement and release with the Company that includes a waiver and release of any and all claims against the Company and a commitment that, for the greater of twelve months or the severance period, the executive will not solicit or hire any team member or distributor or vendor of the Company or its subsidiaries and will not directly or indirectly compete with, or join an organization that directly or indirectly competes with, the Company. Additionally, an executive officer will not be eligible for benefits under the OSPP if he or she is eligible for severance pay or other termination benefits under any other severance pay plan or under any employment agreement or other agreement with the Company or any of its affiliates.

Estimated Equity Payments

Had a Change of Control occurred on the last day of fiscal 2018 and the employment of each Named Executive Officer was subsequently terminated by the Company without cause, each Named Executive Officer would have realized \$0 for their unvested options, including those with accelerated vesting, (based on the spread, if any, of \$13.61 per share of Common Stock, the closing price of our Common Stock on The Nasdaq Global Select Market on February 1, 2019 (the last business day of fiscal 2018), over the value of the applicable exercise prices for the options). Each Named Executive Officer would have realized the following values for their unvested restricted shares and restricted stock units,

including those with accelerated vesting: Carl S. Rubin, \$8,430,170; Denise A. Paulonis, \$2,276,490; Stephen J. Carlotti, \$1,072,454 and J. Robert Koch, \$1,019,729.

Compensation of Directors*Director Compensation Program*

In September 2017, the Board modified the director compensation program effective fiscal 2018 forward to increase certain amounts received by independent directors not nominated by Bain or Blackstone, including the annual retainer, amounts received for Audit Committee Services and the annual grant of restricted stock units. Under this program, each eligible member of our Board received compensation for his or her service as a director as follows: annual retainer of \$65,000 for Board services, \$17,500, if applicable, for Audit Committee services, \$10,000, if applicable, for Compensation Committee services, and \$7,500, if applicable, for Nominating and Governance Committee services. The chair of the Audit Committee received an additional annual retainer of \$10,000, the chair of the Compensation Committee received an additional annual retainer of \$10,000, and the chair of the Nominating and Governance Committee received an additional annual retainer of \$7,500. Each compensated independent director also received an annual grant of restricted stock units valued at approximately \$115,000 on the date of grant, to be fully vested on the one year anniversary of the date of grant.

Director Compensation for Fiscal 2018

The following table sets forth information concerning the compensation earned by our directors during fiscal 2018. During fiscal 2018, Messrs. Rubin, Bekenstein, Cotton and Wallace were not paid any fees by the Company for services as directors.

Name	Fees Earned or Paid in Cash(1)	Stock Awards(2)	Total
Monte E. Ford	\$ 90,000	\$ 115,008	\$ 205,008
Matthew S. Levin	\$ 85,000	\$ 115,008	\$ 200,008
Karen Kaplan	\$ 97,500	\$ 115,008	\$ 212,508

Beryl B. Raff	\$ 75,000	\$ 115,008	\$ 190,008

- (1) All cash retainer payments are made quarterly in arrears.
- (2) The amounts in this column represent the aggregate grant date fair value of restricted stock unit awards calculated in accordance with FASB ASC Topic 718, based on the assumptions set forth in Note 11 to the Consolidated Financial Statements in our Annual Report on Form 10-K. The grant date fair value of each award received was calculated by multiplying the number of shares underlying the restricted stock unit award granted to the director by the closing price of our Common Stock on the date of grant. The amounts shown represent the value of the annual equity award we granted to our independent directors in accordance with our director compensation program described above, and reflect rounding down in the number of restricted stock units granted to avoid the grant of fractional shares. As of the last day of fiscal 2018, Messrs. Ford, Levin, Mahoney and Quella and Mses. Kaplan and Raff each held 5,835 restricted stock units, which subsequently vested on March 29, 2019.

Director Ownership Guidelines

Under our director ownership guidelines, each compensated independent director is expected to own shares of our Common Stock in an amount equal to three times the director's annual cash retainer. Each such director is expected to reach this ownership level within five years of first becoming a director or first being designated as an independent director. "Ownership" for this purpose includes shares held outright, unvested restricted shares, unvested restricted stock units, the in-the-money value of vested stock options, shares held by family members and shares held in trusts.

The following table provides information about our Common Stock that may be issued under our equity compensation plans at February 2, 2019.

AUDIT COMMITTEE MATTERS**Audit Committee Report**

We operate in accordance with a written charter adopted by the Board and reviewed annually by the Committee. We are responsible for overseeing the quality and integrity of the Company's accounting, auditing and financial reporting practices. In accordance with the rules of the SEC and Nasdaq, the Audit Committee is composed entirely of members who are independent, as defined by the listing standards of the Nasdaq and the Company's Corporate Governance Guidelines. Further, the Board has determined that one of our members (Mr. Mahoney) is an audit committee financial expert as defined by the rules of the SEC.

The Audit Committee met seven times during fiscal 2018, including five meetings held with Michaels' Chief Financial Officer and Chief Accounting Officer and Ernst & Young LLP ("E&Y"), the Company's independent registered public accounting firm, prior to the public release of the Company's quarterly earnings announcements in order to discuss the financial information contained in the announcements.

We took numerous actions to discharge our oversight responsibility with respect to the audit process. We received the written disclosures and the letter from E&Y required by applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") regarding E&Y's communications with the Audit Committee concerning independence and discussed with E&Y its independence. We discussed Michaels' internal control over financial reporting and the internal audit function's organization, responsibilities, budget and staffing with management, the internal auditors and E&Y. We also reviewed with both E&Y and our internal auditors their audit plans, audit scope and identification of audit risks.

Furthermore, we discussed with E&Y communications required by the Standards of the PCAOB (United States), as described in PCAOB Auditing Standard No. 16, "Communications with Audit Committees," and, with and without management present, reviewed and discussed the results of E&Y's examination of Michaels' financial statements. We also discussed the results of the internal audit examinations with and without management present.

Fees to Independent Registered Public Accounting Firm

The aggregate fees the Company paid for professional services rendered by E&Y for fiscal 2018 and fiscal 2017 were:

<u>(in thousands)</u>	<u>2018</u>	<u>2017</u>
Audit	\$ 1,502,122	\$ 1,422,460
Audit-Related	66,440	450,798
Tax	214,487	39,403
All Other	227,200	2,200
Total	<u>\$ 2,010,249</u>	<u>\$ 1,914,861</u>

- Audit fees were for professional services rendered for the audits of the Michaels consolidated financial statements including financial statement schedules, reviews of interim financial statements, subsidiary audits and assistance with review of documents filed with the SEC.
- Audit-related fees were for services related to our employee benefit plans as well as other one-off, special projects outside the normal scope of EY's audit procedures.
- Tax fees were for services related to tax compliance and routine consulting, including assistance with tax audits and appeals and international projects.
- All other fees were for a pre-implementation review of the risks associated with an accounting system implementation/migration and the subscription to a technical research tool provided by E&Y.

We pre-approve all audit services and all permitted non-audit services by E&Y, including engagement fees and terms. We have delegated the authority to take such action between meetings to the Audit Committee chair, who reports the decisions made to the full Audit Committee at its next scheduled meeting.

Our policies prohibit the Company from engaging E&Y to provide any services relating to bookkeeping or other services related to accounting records or financial statements, financial information system design and implementation, appraisal or valuation services, fairness opinions or contribution-in-kind reports, actuarial services, internal audit outsourcing, any management function, legal services or expert services not related to the audit, or investment banking services or human resource consulting. In addition, we evaluate whether Michaels' use of E&Y for permitted non-audit services is compatible with maintaining E&Y's independence. We concluded that E&Y's provision of non-audit services in fiscal 2018, which we approved in advance, was compatible with its independence.

We reviewed the audited financial statements of the Company as of February 2, 2019 with management and E&Y. Management has the responsibility for the preparation of the Michaels financial statements, and E&Y has the responsibility for the audit of those statements.

Based on these reviews and discussions with management and E&Y, we recommended that the Michaels audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended February 2, 2019 for filing with the SEC. We also have selected E&Y as the independent registered public accounting firm for fiscal 2019.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has selected Ernst & Young LLP as our independent registered public accounting firm for fiscal 2019, and has directed that management submit the selection of that firm to the stockholders for ratification at the Annual Meeting. Representatives of E&Y are expected to attend the Annual Meeting, where they will have the opportunity to make a statement if they wish to do so and will be available to answer appropriate questions from the stockholders.

Stockholder ratification of the selection of E&Y as the Company's independent registered public accounting firm is not required by the bylaws or otherwise. However, we are submitting the selection of E&Y to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain E&Y. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it is determined that such a change would be in the best interests of the Company and its stockholders.

For information concerning fees paid to E&Y during fiscal 2018 and fiscal 2017, see "Fees to Independent Registered Public Accounting Firm" above.

Your Board of Directors unanimously recommends a vote FOR Proposal 2, Ratification of Selection of Independent Registered Public Accounting Firm.

VOTING REQUIREMENTS AND PROXIES

The affirmative vote of the holders of a plurality of votes properly cast by the stockholders entitled to vote at the Annual Meeting is required for the election of directors. The ratification of the appointment of E&Y requires the approval by holders of a majority of votes properly cast by the stockholders entitled to vote at the Annual Meeting.

If you vote your shares by mail, telephone or Internet, your shares will be voted in accordance with your directions. If you do not indicate specific choices when you vote by mail, telephone or Internet, your shares will be voted for the election of the director nominees in Proposal 1 and for Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm). The persons named as proxies will also be able to vote your shares at postponed or adjourned meetings. If any nominee should become unavailable, your shares will be voted for another nominee selected by the Board or for only the remaining nominees. If your shares are held in the name of a broker or nominee and you do not instruct the broker or nominee how to vote, brokers or nominees are not permitted to vote your shares on any matter, except that brokers may vote your shares on the Ratification of Selection of the Independent Registered Public Accounting Firm. With respect to the election of directors, if you do not instruct the broker or nominee how to vote, or if you abstain or withhold authority to vote on any matter, your shares will not be counted as having been voted on that matter, but will be counted as in attendance at the meeting for purposes of a quorum.
